

Nickel 201 RFQ Specification Sheet

Use this sheet for Nickel 201 / 2.4068 purchasing enquiries, especially precision round bar, sheet and strip requirements.

1. Material and product

Grade / designation	Nickel 201 / UNS N02201 / W.Nr. 2.4068	
Product standard	ASTM B160, ASTM B162 or the governing project specification	
Product form	Plate, sheet, strip, coil, round bar, flat bar, wire, tube or cut blank	
Condition	Soft annealed, cold worked or order-specific condition; state hardness if required	

2. Dimensions and quantity

Dimensions	Thickness, width, length, diameter or drawing dimensions	
Tolerance	Dimensional, straightness, flatness and surface requirements	
Quantity	Total quantity and quantity per size	
Delivery destination	Country, city, port or delivery term	

3. Inspection and commercial requirements

Certification	EN 10204 3.1, MTC fields or project-specific documentation	
Testing / inspection	PMI, UT, dimensions, third-party inspection or buyer witness	
Packing	Wooden case, pallet, seaworthy protection, marking and labeling	
Commercial notes	Required quotation date, target delivery, sample request and payment discussion	

Send the completed sheet to sales@laixialloy.com or WhatsApp +86 19862517398. Availability, MOQ, lead time, price and documentation are confirmed against the complete RFQ; this sheet is not a stock or certification claim.

Alloy 625 RFQ Specification Sheet

Use this sheet to define Alloy 625 form, condition, testing and documentation before comparing quotations.

1. Material and product

Grade / designation	Alloy 625 / UNS N06625 / W.Nr. 2.4856	
Product standard	ASTM B443, B446, B444 or the governing AMS / project specification	
Product form	Plate, sheet, strip, coil, round bar, flat bar, wire, tube or cut blank	
Condition	Annealed, solution treated or order-specific condition; state any heat-treatment requirement	

2. Dimensions and quantity

Dimensions	Thickness, width, length, diameter or drawing dimensions	
Tolerance	Dimensional, straightness, flatness and surface requirements	
Quantity	Total quantity and quantity per size	
Delivery destination	Country, city, port or delivery term	

3. Inspection and commercial requirements

Certification	EN 10204 3.1, MTC fields or project-specific documentation	
Testing / inspection	PMI, UT, dimensions, third-party inspection or buyer witness	
Packing	Wooden case, pallet, seaworthy protection, marking and labeling	
Commercial notes	Required quotation date, target delivery, sample request and payment discussion	

Send the completed sheet to sales@laixialloy.com or WhatsApp +86 19862517398. Availability, MOQ, lead time, price and documentation are confirmed against the complete RFQ; this sheet is not a stock or certification claim.

Alloy 718 RFQ Specification Sheet

Use this sheet to avoid quotation differences caused by heat-treatment condition, melt route or inspection scope.

1. Material and product

Grade / designation	Alloy 718 / UNS N07718 / W.Nr. 2.4668	
Product standard	ASTM B637, AMS 5662 / 5663 or the governing project specification	
Product form	Plate, sheet, strip, coil, round bar, flat bar, wire, tube or cut blank	
Condition	State solution, aging and final property requirements; grade name alone is insufficient	

2. Dimensions and quantity

Dimensions	Thickness, width, length, diameter or drawing dimensions	
Tolerance	Dimensional, straightness, flatness and surface requirements	
Quantity	Total quantity and quantity per size	
Delivery destination	Country, city, port or delivery term	

3. Inspection and commercial requirements

Certification	EN 10204 3.1, MTC fields or project-specific documentation	
Testing / inspection	PMI, UT, dimensions, third-party inspection or buyer witness	
Packing	Wooden case, pallet, seaworthy protection, marking and labeling	
Commercial notes	Required quotation date, target delivery, sample request and payment discussion	

Send the completed sheet to sales@laixialloy.com or WhatsApp +86 19862517398. Availability, MOQ, lead time, price and documentation are confirmed against the complete RFQ; this sheet is not a stock or certification claim.
